

To Whom It may concern,

If a person is subscribing to a service and is paying for it then why should it be restricted by the government. The country only remains more informed in the event of an emergency, Ie.. 09-11. Secondly and most important to you folks, I am paying taxes on this service; this pays your salaries as well as keeping the country moving. My opinion, if I still have the right to one, is you drop this one while you are ahead as a government. Remember in the back of your minds that we are still a democracy and we vote you into your overpaying jobs, so do the right thing and dont stop technology's growth. You use it everyday. Jefferey D. Gentry. By the way,, I am from a military family.
